Project Activity

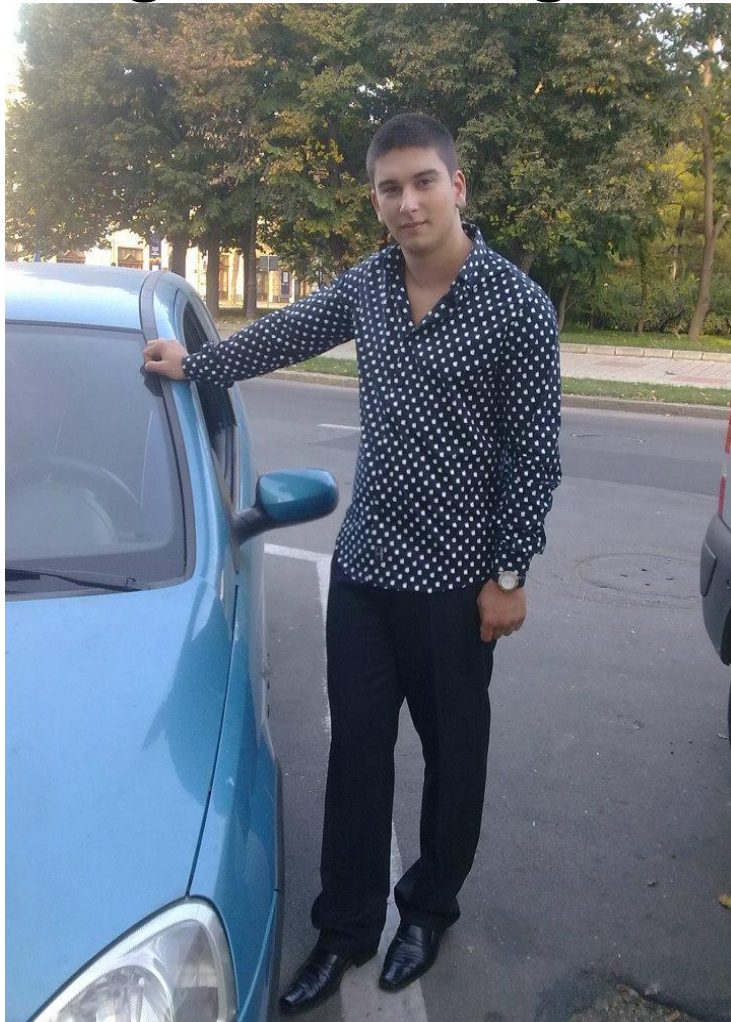

Visit to primary schools (mainly final grades):

- to involve our students in these activities;
- to promote the vocational high schools;
- to show to pupils, to their parents and also to the educational staff, that the carpenter, woodworking and furniture industry does offer good employment prospects after the provision of good training;

- to improve the quality and to increase the volume of cooperation between our high school and primary schools;
- to facilitate the development of innovative practices in the field of vocational education;
- to encourage the process of life long learning;
- to stimulate students creativity;
- to encourage team work;
- to develop organisational and speaking skills;
